

Why Lease?

The purchase of capital equipment can have a significant financial impact. Leasing allows you to save working capital and immediately profit from your purchase.

Advantages:

- Lease with no money down
- No payments for 90 days
- Flexible terms to match your cash flow requirements
- \$1 at lease end or Fair Market Value buy-out/re-lease options
- Fast approval – Typically in two hours or less

Key Benefits:

- **Conserve Working Capital.** Get the equipment and technology you need today while spreading out fixed
- **Better Balance Sheet.** Leasing costs are viewed as a business expense, not a liability or long term debt. As a result, you preserve your borrowing capacity for other needs.
- **Finance More than your Equipment.** With our leasing partner, the total start-up package may be financed, including:
 - Delivery costs
 - Fit-out
 - Replacement Parts
 - Training
- **Improve your Bottom Line.**
 - The entire purchase is deductible in year one.
 - In many cases, the amount you save in taxes may **exceed** your payments.
 - Consult your tax professional about possible Section 179 deductions.
