Recycle Your Natural Stone Scrap For Profitable Resale

SC Series Stone Crushers from Schutte Hammermill are specifically designed to meet the unique needs of the natural stone counter top industry. Our rugged, reliable stone crushing hammer mills offer exceptional performance and value so you can crush and recycle stone scrap material for profitable resale, easily and cost-effectively.

- Reduce scrap for specific requirements from sand size particles to chips.
- Reuse as filler for commercial driveways, patios and landscaping
- Reuse in concrete mix for decorative applications
- Eliminate high fees of collecting and transporting waste.

No material goes to waste when you use the SC Series Crusher.
Ideal for:

- Marble
- Granite
- Soapstone
- Travertine
- Slate
- Stone Tile

Key Features

- Made in the USA with rugged steel plate construction for decades of continuous service
- Easy access to grates and other components reducing downtime for maintenance
- Prompt availability of replacement parts
- The optimum combination of low initial investment and long-term durability
