**ONE PASS DATA AND
ELECTRONICS DISINTEGRATOR**

Schutte Hammermill, Quality Since 1928

DataKiller Pro™ — One-Pass Data & Electronics Destroyer

The DataKiller Pro™ combines a dual-shaft rip shredder with a dual-stage hammer mill in a compact, stacked design. This proprietary system delivers sub-2mm electronic scrap in a single pass—meeting NSA destruction specifications—at unmatched throughput rates.

Capable of processing 1 HDD/minute or 12 SSD/minute, the DataKiller Pro also handles cell phones, circuit boards, semiconductors, CDs, and more—all without reconfiguration. Its powerful hammer mill action scours all data while liberating valuable components for easy recycling.

Key Features

- Space-saving footprint—ideal for facilities or mobile use
- Carbon or stainless steel plate construction
- Multiple hammer styles and sizes, reversible for longer wear life
- Replaceable abrasion-resistant wear plates
- Proprietary perforated grates for optimal size reduction
- Rugged build for secure applications, including SCIFs

Why DataKiller Pro™?

Unlike traditional shredders that leave recoverable strips, the DataKiller Pro's two-stage hammer mill ensures total destruction, rendering components unrecognizable and irrecoverable in one pass.

With nearly a century of size-reduction expertise, Schutte Hammermill delivers extraordinary performance and exceptional value—setting the industry standard for secure, high-volume electronic scrap destruction.

Technical Specs

Housing	3/8" (10 mm)
Shaft Diameter	2 1/2" (60 mm)
Rotor Diameter	16" (410 mm)
Bearings	1 7/16" (40 mm)
Wear Plate Thickness	3/8" (10 mm)
Maximum RPM	3600 rpm
Horsepower Range	10-25 hp (7.5 - 18.5 kW)
Rods	3/4" 4140 Heat Treated
Hammers	3/4" AR400, 3/8" AR400
Discs	1/4" Carbon Steel
Wear Plates	3/8" AR400
Grates	3/8" AR400
Safety Switches	IDEM, hazardous location, stainless steel, safety limit switch
Open Area	~ 41% open area
Shredder Cutters	5/8" AR500
Number of Shredder Fingers	12 cleaning fingers
Shredder Drive	15 HP, 6266 ft lbs (75,187 in lbs)

Backed by the Schutte Hammermill Reputation

With thousands of installations around the world, and nearly a century's worth of experience, Schutte Hammermill has a solution for your size reduction challenge. We offer over 200 sizes and styles of mills, and can provide the perfect size machine for each customer's specific processing rate requirements. Call us today to find out more about how we can help improve your process. Call 800/447-4634 or visit www.hammermills.com for more information on the full line of size reduction equipment made by Schutte Hammermill
