**LIGHTWEIGHT, LOW NOISE AND
SUITABLE FOR SMALL PRODUCTION**

Schutte Hammermill, Quality Since 1928

A True Lab Scale Hammer Mill

The rugged, yet compact, gravity discharge Laboratory Scale Hammer Mill from Schutte Hammermill features the same durable construction and long-wearing components of production scale models. Lightweight, low noise and suitable for small production, batch or pilot projects. The 6" and 8" wide laboratory scale mills are capable of processing a variety of materials to a granular or powder consistency with scalable results.

At Schutte Hammermill, we have been designing and manufacturing custom engineered size reduction equipment for more than eighty years, serving a wide variety of industries with installations worldwide. With more than 200 models in our catalog, we take great pride in our ability to match our customer with the correct mill, custom configured to suit their material and production goals.

9" rotor diameter features swinging or fixed mounted hammers.

Mill top hinges open for easy screen change and mill maintenance

Key Features:

- Option of replaceable internal wear plates for processing abrasive materials
- Choice of carbon or stainless steel construction
- Wide selection of four-way reversible hammers
- Numerous, easily changeable screens for the exact desired finished particle size

Additional Options Include:

- Single phase motors
- Variable Frequency Drive
- Custom designed support stands, infeed and discharge chutes

Typical Installations Include:

- Pilot plants
- University labs
- Government testing facilities

Technical Specifications

Model	Power	Rotor Diameter	Screen Area	Weight	RPM
W-6-H	1 to 3 hp	9"	60 sq. inches	225 lbs	1000-5000
W-8-LH	2 to 5 hp	9"	78 sq inches	250 lbs	1000-5000

Available in two standard sizes with 6" or 8" infeed widths

Backed by the Schutte Hammermill Reputation

With thousands of installations around the world, and nearly a century's worth of experience, Schutte Hammermill has a solution for your size reduction challenge. We offer over 200 sizes and styles of mills, and can provide the perfect size machine for each customer's specific processing rate requirements. Call us today to find out more about how we can help improve your process.
