Schutte Hammermill, Quality Since 1928

Schutte Hammermill is bringing its reputation for tough, rugged construction to our smallest unit yet

The Schutte Hammermill Mini Mill offers the some operational capability of larger size reduction equipment at the fraction of the price. This completely portable unit plugs into a standard wall outlet.

Options for food grade, stainless and carbon construction make the Mini Mill ideal for a wide variety of applications. With minimal changes, the Mini Mill can be configured to suit the user's production goals and produce an end-result with consistent, uniform bulk-density and particle size distribution.

Mill top hinges opens for easy maintenance

Applications

- Herbs and Spices
- Cannabis
- De-Agglomeration of Chemicals and Powders
- Small Batch Processing
- Analytical Testing
- University and Government Testing Facilities

Key Features

- Plugs into standard 110V - 120V outlet
- Optional Variable Frequency Drive
